Important

Important

- Internet cables are installed during the setting up of the show and will be operational the day before the opening.
- Please, submit an oriented drawing with the positioning of the hardware(s) ordered (except for Wi-Fi).
- Without plan, the Internet line(s) will be installed by default. Any change onsite during the assembly will be charged.
- Eurexpo Lyon technicians do not operate your computers and other hardware.
- In case of any specific need (virtual reality, streaming...), contact the Exhibitor Service mentioning your event at services@eurexpo.com.

✓ IMPORTANT : For technical and safety matters, only Eurexpo Lyon technicians are able to install the services ordered. It is forbidden to create your own Wi-Fi network.
